## New Minister At United Church

Every available seat in the Vulcan United Church was filled Sunday morning to welcome Rev. Donald Sharpe, his wife and family, who had arrived at the end of the week from Souris, P.E.I., to take up residence in Vulcan and accept a call to the United Church here. Both Mr. and Mrs. Sharpe are from the Maritime provinces and while Mr. Sharpe spent some time in Alberta as a student minister, coming west is a new venture for Mrs. Sharpe and the boys. Induction services will be held in the church Friday, April 25, at 8 p.m., at which time ministers from the High River Presbytery will take part in the service and welcome the Sharpes to their new charge.

The Hi-C Group of the Vulcan United Church have been a busy lot for the past ten days. During the Easter holidays the young people endeavored to clean up the grounds and shrubs at the manse, in preparation for the arrival of the new minister.

These young people also challenged members of the Couples' Club to a debate last week. The following comprised the respective teams: Hi-C team—Bob Schrag, Linda Grant, Jay Scott and Jean Ann Matlock; Couples Club team—Mrs. Ted Carlson, Harold Hanson, Mrs. Russel Graham and Douglas Galbraith. An interesting competition between these two groups ensued, with the topics being, "Resolved that TV is a time waster". The Couples' Club held up the affirmative side and won by a very close margin. Mrs. Bob Jamison acted as chairman and judges for the occasion were A. L. Schrag, J. M. Jamison and Mrs. Lauren Horne. At the conclusion of the debate members of the Couples' Club served lunch to those present.

Saturday evening this same group of young people held their first winter roast of the season, at the Jamison farm. An enjoyable program of sing-songs and campfire skits also took place.

## PROTECT YOUNG STOCK AGAINST BLACKLEG

Before turning out your cattle this year, remember to protect the young stock against blackleg. A "stitch in time" here can save many calves, since losses occur very quickly in unprotected animals, and treatment is often not possible. The vaccination program may vary with different circumstances, but Dr. H. N. Vance, Veterinary Pathologist, Alberta Veterinary Service Branch favors injection of blackleg-malignant edema bacteria at 3-5 months of age followed by a second injection at 6-8 months. Where an outbreak occurs in unvaccinated stock all cattle on the premises should be inoculated.

## Increased Grants Offset Higher School Costs

## Mill Rate in Vulcan County Held At 50 Despite Increased Expenditures

The County of Vulcan 1958 mill rate will be the same as the 1957 rate. County Councillors decided to maintain the present tax level when considering the budget last Friday, although the overall budget provides for slightly increased spending. The increase in the governments grants will permit the added expenditure.

The tax rate is set at 20 mills for municipal purposes, 26 mills for school and 4 mills for hospital, making a total rate of 50 mills. In the Little Bow Municipal Hospital District, where a full time doctor is employed, the rate will be an extra 4 mills, and in the area covered by the Lomond Municipal Nursing Service, the rate will be one extra mill. The school rate was reduced from 27 to 26, and the municipal rate increased from 19 to 20.

It is expected that the tax levy will yield the sum of \$760,000, and that the grants this year will amount to about \$563,000, made up of school operation grant, \$305,000, municipal assistance grant, \$120,000, Department of Highways grant, \$110,000, Service Board Grant, \$19,000, sundry grants, \$9,000. Other miscellaneous revenue will bring the total to \$1,440,000.

The expenditures for the year are slightly higher than the 1957 figures. General government, \$56,000, Protection of Persons and Property, \$43,500. (This figure includes the sum of \$32,000 to cover the seed cleaning association grant of which \$16,000 will be provided by the Provincial Government); Public Works allocation, \$350,000, to cover maintenance and graveling and general road construction; Health is set at \$80,000, this includes the hospital requisitions for the first three months of the year, together with the capital payments to the various hospitals as well as the requisition to the provincial government in the sum of \$33,163.15. It is expected that the new hospital scheme will cost the taxpayers of the County about \$8,000. Allocations for social welfare and welfare grants amounts to \$6,000. The figure for education, excluding capital, \$671,000, which is an increase of about \$70,000 over the previous year. Debt charges will amount to \$72,000. The sum of \$125,000 has been provided for capital expenditures. This would cover the purchase of road machinery as well as other capital expenditures in the school department.

Foothills Health Unit expenditures are estimated at \$4,500. Miscellaneous, including discount on taxes, \$31,700.

**5% Tax Discount**  
Councillors continued the policy of allowing the 5% discount on the early payment of taxes. It is expected that the tax notices will be in the mail some time prior to June 1st. Payment being made on or before July 1st will be subject to the 5% discount.

Councillors expressed gratification generally at the manner in which the County is able to hold the mill rate at its present level when there are so many tax increases being reported at the present time.

**Leases**  
Councillors discussed the matter of leases on lands in the area which was formerly known as the Special Area, and set the policy of continuing the leases to the present lessees at the rate of one-quarter share of the crop, and where possible, the lease would be given for three years.

Council passed a by-law under the provisions of the 1958 amendments to the Municipal Act authorizing the county to supply weed chemicals to farmers in accordance with the policy set by the Council.

**Municipal Committee**  
The Municipal Committee, at its meeting held on Wednesday, decided to inspect the various road projects which were being put on the 1958 budget and it was decided that the Councillor for the division would accompany the road committee and agree on the amount of work which was to be done during the year 1958. This would include the roads which are to be gravelled. It is expected that this will be finalized at the May meeting.

**School Committee**  
At the School meeting held on April 14, two new members were sworn into office on the School Committee. These were George Smith, representing the Village of

Champion and R. O. Bertrand, representing the Village of Milo. Mr. Bertrand had served on the committee during the year 1956. Mr. McKay welcomed these members and hoped that they would enjoy their work with the County School Committee.

The School Committee authorized the sale of the Blind Creek School for the sum of \$700.

The Council transacted other routine business and discussed the matter of the teacher salary schedule. The next meeting with the Teachers' Salary Committee will be held on Monday, May 12, at 7:30 p.m.

## At Vulcan June 21

## Calf Show Planned By 4-H Beef Club Assoc.

A regional 4-H Beef Club Association of the County of Vulcan, has recently been formed. The swing to livestock production on the farms in the past few years has been accompanied by the formation of such clubs throughout Canada and the United States with the emphasis in this case being placed on the raising of livestock.

In the Association there are presently three 4-H Beef Clubs, one at Berrywater, another the Vulcan West-Ensign Club and the Arrowwood Club. From these clubs have come the directorate of the Regional Association made up of: President, Lee Richardson, Vulcan; vice-president, Eric Thorp, Ensign; treasurer, Bill Yule, district agriculturist; board members are Bill Lucas, Vulcan; Pete Silbernagel, Vulcan; Orlo Doane, Vulcan; Leigh Williams, Arrowwood, and Chester Army of Arrowwood.

The Regional Association will pool the ideas of the three member bodies and will give opportunity for a wider scope of activities. Of primary interest to the association is the plan to hold a stock show and sale on June 21, at the skating rink in Vulcan. In previous years exhibitors had taken their livestock to the High River show and sale or to other points but it is felt that there is sufficient interest and possibility of a list of 53 calves to be shown in a locally sponsored event.

Judging the show will be Charlie Yule of Calgary who has had a long association with the livestock industry and has spent many years on the Calgary Exhibition and Stampede Board.

It is hoped that this stock show and sale may become an annual event and a list of trophies is being made up and will be published at a later date.

## C.W.L. Elects New Officers

The annual meeting of the CWL was held at the home of Mrs. Alice Elluck, with thirteen members in attendance. The opening prayers were recited, followed by the instruction on "Father Smith Instructs Jackson." Due to the election of officers which followed the regular business, the spiritual period was not taken.

Plans were completed with regard to the tea, bazaar and bake sale which the league are holding in the Legion Hall on Saturday May 3.

The new slate of officers for the coming year are as follows: President, Mrs. Rose Douville; 1st vice-president, Mrs. Kay Peard; 2nd vice-president, Mrs. Leslie Shaw; Lefevbre; secretary, Mrs. Cecile Emelson; treasurer, Mrs. Nan Burchak; councillors, Mrs. Marcella McKay and Mrs. Rita Foster.

The meeting then adjourned and a delicious lunch was served by the hostess, assisted by Mrs. Margaret Kiezuila and Mrs. Cecile Emelson. The tea prize was won by Mrs. Rita Foster. The May meeting will be held at the home of Mrs. Leslie Shaw, when we sincerely hope we will have Father Connolly back with us. We wish him a complete and speedy recovery.

## Schrag - Farr

Of interest to their many friends is the recent wedding of Edna M. Farr to Andrew L. Schrag, both of Vulcan.

The marriage was solemnized at the home of the groom's brother, Dr. Ralph Schrag, in Edmonton on Monday, April 7, and the officiating clergyman was Rev. A. R. Schrag, father of the groom and one of the early ministers of the United Church in Vulcan.

Following the ceremony a reception was held at the Sahara Restaurant in Edmonton.

## SERVICE BOARD NOTES

As one travels through this area this spring, it is readily seen that erosion by water has been particularly severe during the spring run-off. Many farms are in the early stages of gullying and others have progressed to the point where it is impossible to cross the ditches with farm machinery, these are the ones where fast action is going to be necessary to flatten out these ravines and have them seeded to grass before they are too far gone to repair. The places that are still intact but where the land is disappearing to the depth of the cultivation once or twice a year can be fixed up with a minimum of effort and expense by merely seeding down to grass, and in succeeding years lift up the plow and deep tillage implements when passing over them in the course of the season's work. We feel that we cannot emphasize the need for this work too strongly as the land in this area seems to be very vulnerable to this type of erosion.

We have all seen the effects this spring and this summer will be a good time to commence some remedial action to stop it. The County of Vulcan will bear part of the cost of seed for this work, and your Service Board and supervisor will be glad to help to plan how to best go about the job.

### WELFARE Series Nine

Mass lodging operations present many difficult problems and every effort should be made to place families in private homes.

Among major problems involved in mass lodging are:—

- Abnormal living conditions.
- Sanitation and health problems.
- Behaviour problems.
- Limited participation of families in their own rehabilitation.
- Reluctance of families to leave mass shelters after they are housed there for a long period of time.
- Influx of undesirable persons.
- Excessive cost of operation.

However, in spite of these problems mass shelters must be opened quickly when large numbers of people are left homeless. As soon as possible every source of private billeting should be used, thus putting to good use the information gathered by the wardens in their house to house survey.

### Report on Annual Meeting

Held at Head Office, Edmonton, March 5th and 6th, 1958

Alberta Poultry Marketers Limited is a Province-wide producer-owned and controlled co-operative with Head Office in Edmonton; large plants in Calgary and Lethbridge, and fifty branches scattered throughout Alberta. The Co-operative also owns four large modern hatcheries, located at Edmonton, Camrose, Calgary and Lethbridge.

The latest addition to this co-operative enterprise is a thirty-seven acre experimental farm, situated twelve miles west of Edmonton on the Jasper highway. At the present time, approximately five thousand broilers per week are being produced on this farm. The purpose of this production program is to provide the organization with a continuous supply of broilers, which it is necessary to have if we are to retain the market for the other products which we handle.

This is an experiment in vertical integration, owned and controlled by a large group of producers, to counteract the trend today of raising broilers by contract or otherwise when the control does not rest with the producers.

Control of the co-operative is exercised by the members through a body of thirty-five delegates, who in turn elect a board of five directors.

Ownership is vested in the members by issuing investment Reserve Share Certificates on a patronage basis.

Operational Reserve Share Certificates are also being issued as a means of providing the required operating capital. It must be recognized that in the final analysis, the members of any co-operative, as the owners, must pay for their marketing machinery. In our organization this has been done, plus a return to the producers in final payments of \$1,515,000.00 in cash and \$1,093,000.00 in Reserve Shares for a total of over \$2,608,000.00 in cash and Reserve Share Certificates in the past fifteen years.

Alberta Poultry Marketers Limited is a member body of the Alberta Federation of Agriculture and through them of the Canadian Federation of Agriculture at the national level. In this way, it is possible for producers to resolve their problems into policy, and carry out such policies as are in the best interests of the poultry industry at both the provincial and national levels.

One of the most successful annual meetings of the delegates body was held in Edmonton on March 5th and 6th. The delegates found it difficult to concentrate all the business into the short space of two days.

The Board of Directors Report covering activities of the organization for 1957 was presented by the president, K. V. Kapler. Included in the report was an outline of the state of the poultry industry as it is today and a request that the delegates give it careful consideration.

J. I. Wright, General Manager, presented his report covering the operations for 1957. This report showed that the organization handled over 8,000,000 dozens of eggs, over 5,000,000 pounds of poultry and 1,750,000 chicks (with a total value of \$5,552,556.00).

The auditor's report and financial statement was presented by A. K. Miller of the firm of Alexander Kennedy-Miller & Co. This included operating statements of all departments which were fully explained and all questions answered.

The present day rapid development of specialized non-farm controlled mass-production programs within the industry constituted a matter of serious concern to the delegates.

Discussion centered on seeking a solution as to how farm production may be adjusted to this trend to the best advantage of all concerned. Of particular interest to farmers were the two following resolutions passed by the convention.

#### FINANCING OF FARM ORGANIZATIONS

Resolved that this organization support the principle of commodity deductions for the purpose of financing farm organizations.

#### EGG MARKETING PLEBISCITE

Resolved that we support the action of the Farmers Union of Alberta and the Alberta Federation of Agriculture in seeking to obtain another plebiscite on the establishment of an Egg Marketing Board.

A series of public meetings will be held throughout the Province in the next few weeks for the purpose of making further information available and discussing our part in the present trend of the poultry industry in both the production and marketing fields.

Everyone will be welcome.

There is a story over new, It is wonderful and true, And the best thing you can do, Is believe it;

It will calm your troubled breast, And will give you peace and rest, It's of all the news the best, Oh, believe it!

I was serving Satan well, And in sin did far excel, And would soon have been in hell; I believe it;

But the Saviour, He drew near, And He stopped my mad career, And He told me never fear, Just believe it!

Then I listened and He said, It was just for you I bled, And with me He sweetly pled, To believe it;

This is now salvation day, Sin has all been put away, This is what I heard Him say, Oh, believe it!

I could then withstand no more, For I saw my sins, He bore, So I entered by the door, And believed it;

Now I'm happy all the day, I can sing as well as pray, For my sins are washed away, I believe it!

It seems to have been the Vooy's family night to win and lose at the card party held at Liberty last Saturday. High ladies' prize was a tie between Mrs. Gilbert Vooy's and Mrs. Stan Godkin (nee Margaret Vooy's) however Mrs. Vooy's won the tie breaker; Arle Vooy's (grandpa), won high man; low prizes went to Gilbert Vooy's and low lady to Mrs. Leonard Vooy's. Unless a break in the weather occurs and the men can't work in the field this is the final party of this year.

On the occasion of Marvin's 21st birthday, Mrs. Hugh Winch entertained at a supper party when guests were Mr. and Mrs. Lewis Greaves and family and Mr. and Mrs. Bartsch and family, Gene Henry, Mr. and Mrs. Bruce Henry, Mr. and Mrs. Melvin Beagle of Arrowwood, Mr. and Mrs. Gordon Boyd of Queenstown and Myrna of Arrowwood.

Another birthday party took the form of a whist party as a belated gesture for Mrs. Bartsch. Prizes went to Hugh Winch and Mrs. Bob Deitz for high score and to Mrs. M. Clemmons and Mrs. Alf Heather for low, the latter played as a gentleman.

## What truck buyers can learn from the big Fargo fleets...

Look behind the scenes and you'll soon discover why more and more haulers are making the swing to FARGO. When successful fleet operators such as Kleysen's Cartage Company, Limited, Winnipeg buy forty big Fargos at once, you know Fargo's got something special to offer!

Kleysen's Cartage typifies the truck fleets that find real day-after-day, year-after-year satisfaction with Fargo on the job. There are plenty of reasons for that satisfaction, too.

Take economy, for instance. New Fargo V-8's pack up to 234 horsepower, yet their unique combustion chamber design wrings bonus miles from every tankful of gas. And no other engine has the famous-for-thrift reputation of Fargo's efficient Six!

Ruggedness is another reason. Fargo rear axles in all models are heavy-duty engineered, specially treated for fatigue-resistance. Rear springs on high-tonnage D700's have been increased to 3 inches wide, are extra long and resilient for greater strength. Frames have double-width front crossmembers, and extra-deep centre and rear crossmembers.

Fargo's a better deal for the driver, too, with shorter turning diameters, smooth, super-responsive steering, an independent parking brake that adjusts from inside the cab.

So why not follow the lead of successful truck operators like Kleysen's Cartage Company, and check into '58 Fargo Power-Masters now? Come in right away—see how you're farther ahead when you haul the FARGO way!

## BUILT FOR 19,000 CARS DAILY

Government engineers estimate the four-lane Calgary-Edmonton highway will be able to handle 19,000 vehicles daily.

Highways Minister Taylor estimated that traffic now averages close to 7000 cars and trucks daily. Traffic would begin to slow down after the 19,000-a-day volume was reached — probably not for another 20 years — and then the government would widen the highway to create another two lanes on each side.

In addition, Mr. Taylor said, the government now plans to be concentrating construction on

other north-south Alberta highways — 21 through Camrose, 36 through Viking and Castor, 41 through Wainwright.

Completion of these roads as modern paved highways would take some of the traffic load off No. 2 through Red Deer. However, if traffic there continued to mount, another two lanes — making it six-lane divided highway — would relieve the pressure.

The minister explained that the highway originally was planned to include a 20-ft. median or dividing strip, but this later was increased to 30 feet as an added safeguard against headlight glare. He said he is sure this type of highway will help to reduce accidents.
